Contents of *Aquaculture*, Volume 214

VOL. 214 NOS. 1–4 **15 November 2002**

Diseases, Parasites and Predators

Characterisation of a pathogenic virus isolated from marine threadfin fish (*Eleutheronema tetradactylus*) during a disease outbreak
E.K. Seng (Singapore, Singapore), Q. Fang (Wuhan, China), S.F. Chang, G.H. Ngoh, Q.W. Qin, T.J. Lam and Y.M. Sin (Singapore, Singapore) 1

Evaluation of some hemato-immunological parameters in the shrimp *Farfantepenaeus paulensis* submitted to environmental and physiological stress
L.M. Perazzolo, R. Gargioni, P. Ogliari and M.A.A. Barracco (Florianópolis, Brazil) 19

Oral administration of lipopolysaccharide to Atlantic salmon (*Salmo salar* L.) fry. Uptake, distribution, influence on growth and immune stimulation
A. Guttvik, B. Paulsen, R.A. Dalmo, S. Espelid, V. Lund and J. Bøgwald (Tromsø, Norway) 35

Effect of handling stress on susceptibility of channel catfish *Ictalurus punctatus* to *Ichthyophthirius multifiliis* and channel catfish virus infection
K.B. Davis, B.R. Griffin (Stuttgart, AR, USA) and W.L. Gray (Little Rock, AR, USA) 55

Genetics and Breeding

Development of a positive–negative selection procedure for gene targeting in fish cells
S. Chen, Y. Hong (Wuerzburg, Germany, Qingdao, China) and M. Schartl (Wuerzburg, Germany) . 67

Mitochondrial DNA diversity in wild and cultured populations of *Brycon opalinus* (Cuvier, 1819) (Characiformes, Characidae, Bryconinae) from the Paraíba do Sul Basin, Brazil
A.W.S. Hilsdorf (São Paulo, Brazil), A.M.L. Azeredo-Espin, M.H. Krieger (Campinas, Brazil) and J.E. Krieger (São Paulo, Brazil) 81

Introduction of the human lactoferrin gene into grass carp (*Ctenopharyngodon idellus*) to increase resistance against GCH virus
J. Zhong, Y. Wang and Z. Zhu (Wuhan, China) 93

Husbandry and Management

Comparison of African tilapia partial harvesting systems
R.E. Brummett (Cairo, Egypt). 103

Broodstock conditioning of the oyster *Crassostrea gigas*: origin and temperature effect
J. Chávez-Villalba, J. Pommier, J. Andriamiseza, S. Pouvreau, J. Barret, J.-C. Cochard and M. Le Pennec (Plouzané, France) 115

Foraging, growth and survival of Atlantic cod larvae reared in different light intensities and photoperiods
V. Puvanendran and J.A. Brown (St. John's, Canada). 131

Application of multivariate analysis to sensorial and instrumental parameters of freshness in refrigerated sea bass (*Dicentrarchus labrax*) during shelf life
G. Parisi, O. Franci and B.M. Poli (Florence, Italy) 153

Noninvasive, mass marking of fish by immersion in calcein: evaluation of fish size and ultrasound exposure on mark endurance
V. Frenkel (Baltimore, MD, USA), G. Kindschi (Bozeman, MT, USA) and Y. Zohar (Baltimore, MD, USA) 169
The effects of temperature on the growth, survival and biomass of different families of juvenile *Penaeus japonicus* Bate
G.J. Coman, P.J. Crocos, N.P. Preston and D. Fielder (QLD, Australia) 185
Gonadal development influences nutrient utilisation in cod (*Gadus morhua*)
G.-I. Hemre (Bergen, Norway), G.L. Taranger and T. Hansen (Matredal, Norway) 201
DEPOMOD—modelling the deposition and biological effects of waste solids from marine cage farms
C.J. Cromey, T.D. Nickell and K.D. Black (Oban, UK) 211
Effects of common aerially applied rice herbicides on the plankton communities of aquaculture ponds
P.W. Perschbacher (Pine Bluff, AR, USA), G.M. Ludwig and N. Slaton (Stuttgart, AR, USA) 241
Effect of hydrogen ion on *Macrobrachium rosenbergii* (de Man) egg hatchability in brackish water
A.T. Law, Y.H. Wong and A.B. Abol-Munafi (Kuala Terengganu, Malaysia) 247

Nutrition

Impact of different dietary lipid sources on growth, lipid digestibility, tissue fatty acid composition and histology of rainbow trout, *Oncorhynchus mykiss*
M.J. Caballero (Las Palmas, Spain), A. Obach, G. Rosenlund (Stavanger, Norway), D. Montero (Las Palmas, Spain), M. Gisvold (Stavanger, Norway) and M.S. Izquierdo (Las Palmas, Spain) 253
Free amino acid leaching from a protein-walled microencapsulated diet for fish larvae
M. Yúfera (Cádiz, Spain), S. Kolkovski (North Beach, WA, Australia), C. Fernández-Díaz (Cádiz, Spain) and K. Dabrowski (Columbus, OH, USA) 273
Influence of feeding diets with and without fish meal by hand and by self-feeders on feed intake, growth and nutrient utilization of juvenile rainbow trout (*Oncorhynchus mykiss*)
T. Yamamoto, T. Shima, H. Furuita and N. Suzuki (Tamaki, Japan) 289
Effect of protein source ratio and protein concentration in prepared diets on gonad yield and quality of the green sea urchin, *Strongylocentrotus droebachiensis*
C.M. Pearce (British Columbia, Canada), T.L. Daggett and S.M.C. Robinson (New Brunswick, Canada) 307
Culturing the oceanic seahorse, *Hippocampus kuda*
S.D. Job (London, UK), H.H. Do (Nha Trang, Viet Nam), J.J. Meeuwig (Montreal, Canada) and H.J. Hall (London, UK) 333
Increased activities of hepatic antioxidant defence enzymes in juvenile gilthead sea bream (*Sparus aurata* L.) fed dietary oxidised oil: attenuation by dietary vitamin E
G. Mourente, E. Díaz-Salvago (Cádiz, Spain), J.G. Bell and D.R. Tocher (Stirling, UK) 343
Ontogenetic variation in digestive proteinase activity, RNA and DNA content of larval and postlarval white shrimp *Litopenaeus schmitti*
D. Lemos (São Paulo, Brazil), F.L. Garcia-Carreño, P. Hernández and A. Navarrete del Toro (La Paz, Mexico) 363

Physiology and Endocrinology

Leucocyte populations and responses to immunization and photoperiod manipulation in Atlantic salmon (*Salmo salar* L.) 0+ smolt
G.O. Melingen, E.F. Pettersen and H.I. Wergeland (Bergen, Norway) 381
Physiological effects of an oil-adjuvanted vaccine on out-of-season Atlantic salmon (*Salmo salar* L.) smolt
G.O. Melingen and H.I. Wergeland (Bergen, Norway) 397

Salinity effect on the embryonic development, larval growth and survival at metamorphosis of *Placuna placenta* Linnaeus (1758)
J.A. Madrones-Ladja (Iloilo, Philippines) **411**

Book Reviews **419**

Contents of *Aquaculture*, Volume 214 . . . . . **431**
